STATPAC

202 West State Street
Trenton, NJ 08608

**You work 24/7...
and so do we.**

*It's not too late to help meet
our goal of \$30,000...*

Legislation that directly impacts your practice is being debated in Trenton ... and STATPAC represents your interests so you can concentrate on being the best emergency physician you can be.

Anti-physician rhetoric is rampant. But now is not the time to give up. This is our year of continued political advocacy ... building on a ten year tradition of increased awareness of emergency medicine and the work of emergency physicians.

We need to maintain our specialty interests ... like we maintain the interests of our patients 24/7.

*There are a litany of critical issues
facing us today ...*

- PIP reimbursement
- Charity Care
- Medical Liability
- Scope of Practice of Allied Health Professionals
- Nurse Staffing and Ratios
- EMTALA
- Specialty Designated Hospitals
- Patient Safety

And more...

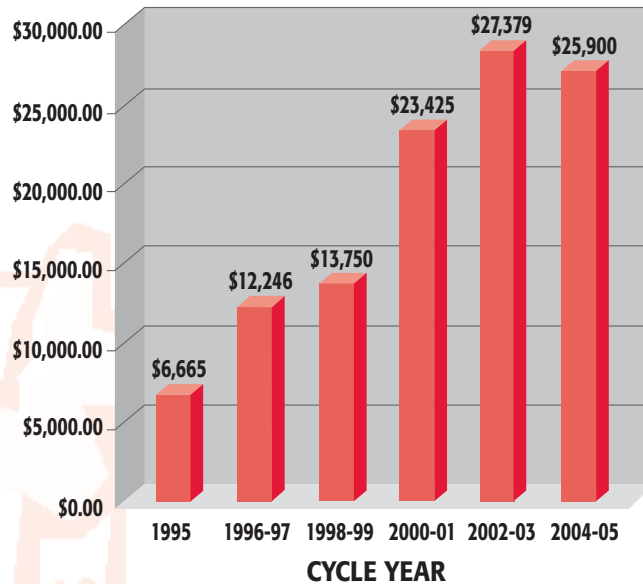

*Your contribution to STATPAC is an
investment in your future ...
and the future of emergency medicine.*

Help us help you...24/7.

Our goal this two year cycle is **\$30,000**. Our campaigns are conducted over a two year cycle and we have been successful in meeting our goals and we continue to adjust these goals as more physicians within our specialty recognize the importance of STATPAC.

Many of your colleagues have elected to donate approximately 3 hours of their salary over a two year period - \$300.

STATPAC CONTRIBUTIONS

We make it easy to contribute to STATPAC.

In 2005...We invite every member of the NJ-ACEP to consider an easy credit card contribution to STATPAC, or simply send a check (personal or corporate).
