NEW JERSEY CHAPTER

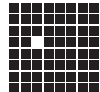

AMERICAN COLLEGE OF
EMERGENCY PHYSICIANS

Presents ...

One Day Wonder: Orthopaedics

An intensive half-day
conference, bringing
the newest orthopaedics
to the practicing
emergency physician

Tuesday, January 18, 2005

Hilton East Brunswick
East Brunswick, New Jersey

Jointly sponsored by

NJ-ACEP

and the

**American College
of Emergency Physicians**

Faculty

Gene J. DeMorat, MD
Shore Orthopaedics, Somers Point

Richard B. Islinger, MD
Shore Orthopaedics, Somers Point

Kenneth J. Kopacz, MD
Spine Care and Rehabilitation, Roseland

John J. McKeon, MD
UMDNJ Department of Orthopaedics, Newark

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Emergency Physicians (ACEP) and NJ-ACEP.

ACEP is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

ACEP designates this educational activity for 3.5 Category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

Awaiting approval by ACEP for 3.5 hours of ACEP Category I credit.

Objectives

1. Recognize orthopaedic emergencies in the ER
2. Discuss the importance of effective communication between the ER physician and the orthopaedist on call
3. Determine when and how to effectively arrange follow up for orthopaedic ER visits
4. Understand the types and emergency treatment of common pediatric injuries
5. Recognize fractures of child abuse
6. Increase knowledge of the non-trauma pediatric orthopaedic conditions presenting as an emergency
7. Determine the differential diagnosis of acute low back pain
8. Recognize low back pain presentations that require emergent care
9. Understand treatment options for acute low back pain
10. Review nature/types of injuries sustained by US military personnel during Operation Iraqi Freedom and conflicts in Afghanistan
11. Explain treatment protocols/standards for extremity injuries sustained on the battle field
12. Examine some newer technologies used in training severe extremity injuries

Agenda

12:45-1:20 p **Registration & Refreshments**
