Volume 28 No. 20

November 2018

TO: Hospitals – For Action
Health Maintenance Organizations – For information only

SUBJECT: Triage fee reimbursement for non-emergent emergency room visits

EFFECTIVE: Hospital Emergency room claims with dates of service on and after November 1, 2018

PURPOSE: To notify New Jersey hospitals of reduced reimbursement for non-emergent hospital emergency room visits to a single payment \$140.00 for all claim services.

BACKGROUND: In June of 2018 NJSA 30:4D-7p was signed into law to reduce reimbursement for non-emergent emergency room visits to a single Triage fee of \$140.00. This fee will be implemented for claims with service dates of 11/01/2018 and after. This change will only apply to New Jersey instate hospital providers and excludes title XXI clients.

ACTION: Effective for claims with service dates on and after November 1, 2018. Outpatient hospital claims for emergency room visits that have been determined to be non-emergent will receive a single Triage payment of \$140.00. The Triage payment will be made if all of the first three diagnosis codes on the claim are determined to be low acuity / non-emergent. When revenue code 45X is present on the claim the NJ MMIS will verify that the corresponding procedure code is equal to 99281 through 99285. If the corresponding procedure code is equal to 99283, 99284 or 99285 it will then be determined if one of the first three diagnosis codes on the claim contains an emergency indicator equal to "Y". If all three criteria are met the claim will process and be reimbursed at the hospitals cost to charge ratio; if all three criteria are not met the 45X revenue code line will be paid at \$140.00 and the remaining claim lines will be denied.

The following are exceptions to the above which will allow the claim to be reimbursed at the hospitals cost to charge ratio:

Pregnant women- identified by the presence of condition code B3 (indicates patient is pregnant)
Children 6 years of age or less
Seniors 65 years of age or greater
Certification of emergency form attachment

If providers feel that the Triage reimbursement was inappropriate they have the ability to submit an appeal. The appeal documentation must consist of a correctly completed claim, a copy of the remittance advice reflecting the triage payment and documentation

supporting why the claim should receive full reimbursement. The appeal must be mailed to:

DMAHS
PO box 712
Trenton, NJ 08628
Mail Code 44 Triage Appeal

See attached listing of low acuity / non- emergent diagnosis codes

If you have questions regarding this Newsletter, please contact the office of Institutional reimbursement at 609-588-2668
